

NETWORKING

We understand the importance of the success of our students. We invite companies out to allow fellow alumni to speak about their experiences in the industry and what it took for them to get there.

COMPETITIONS

Our biggest competition, IEEEExtreme, is a 24-hour online coding competition where students compete in teams to compete unique programming challenges. The Grand Prize is a trip to the IEEE conference of your chance, anywhere in the world.

IEEE NSM

THE INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS

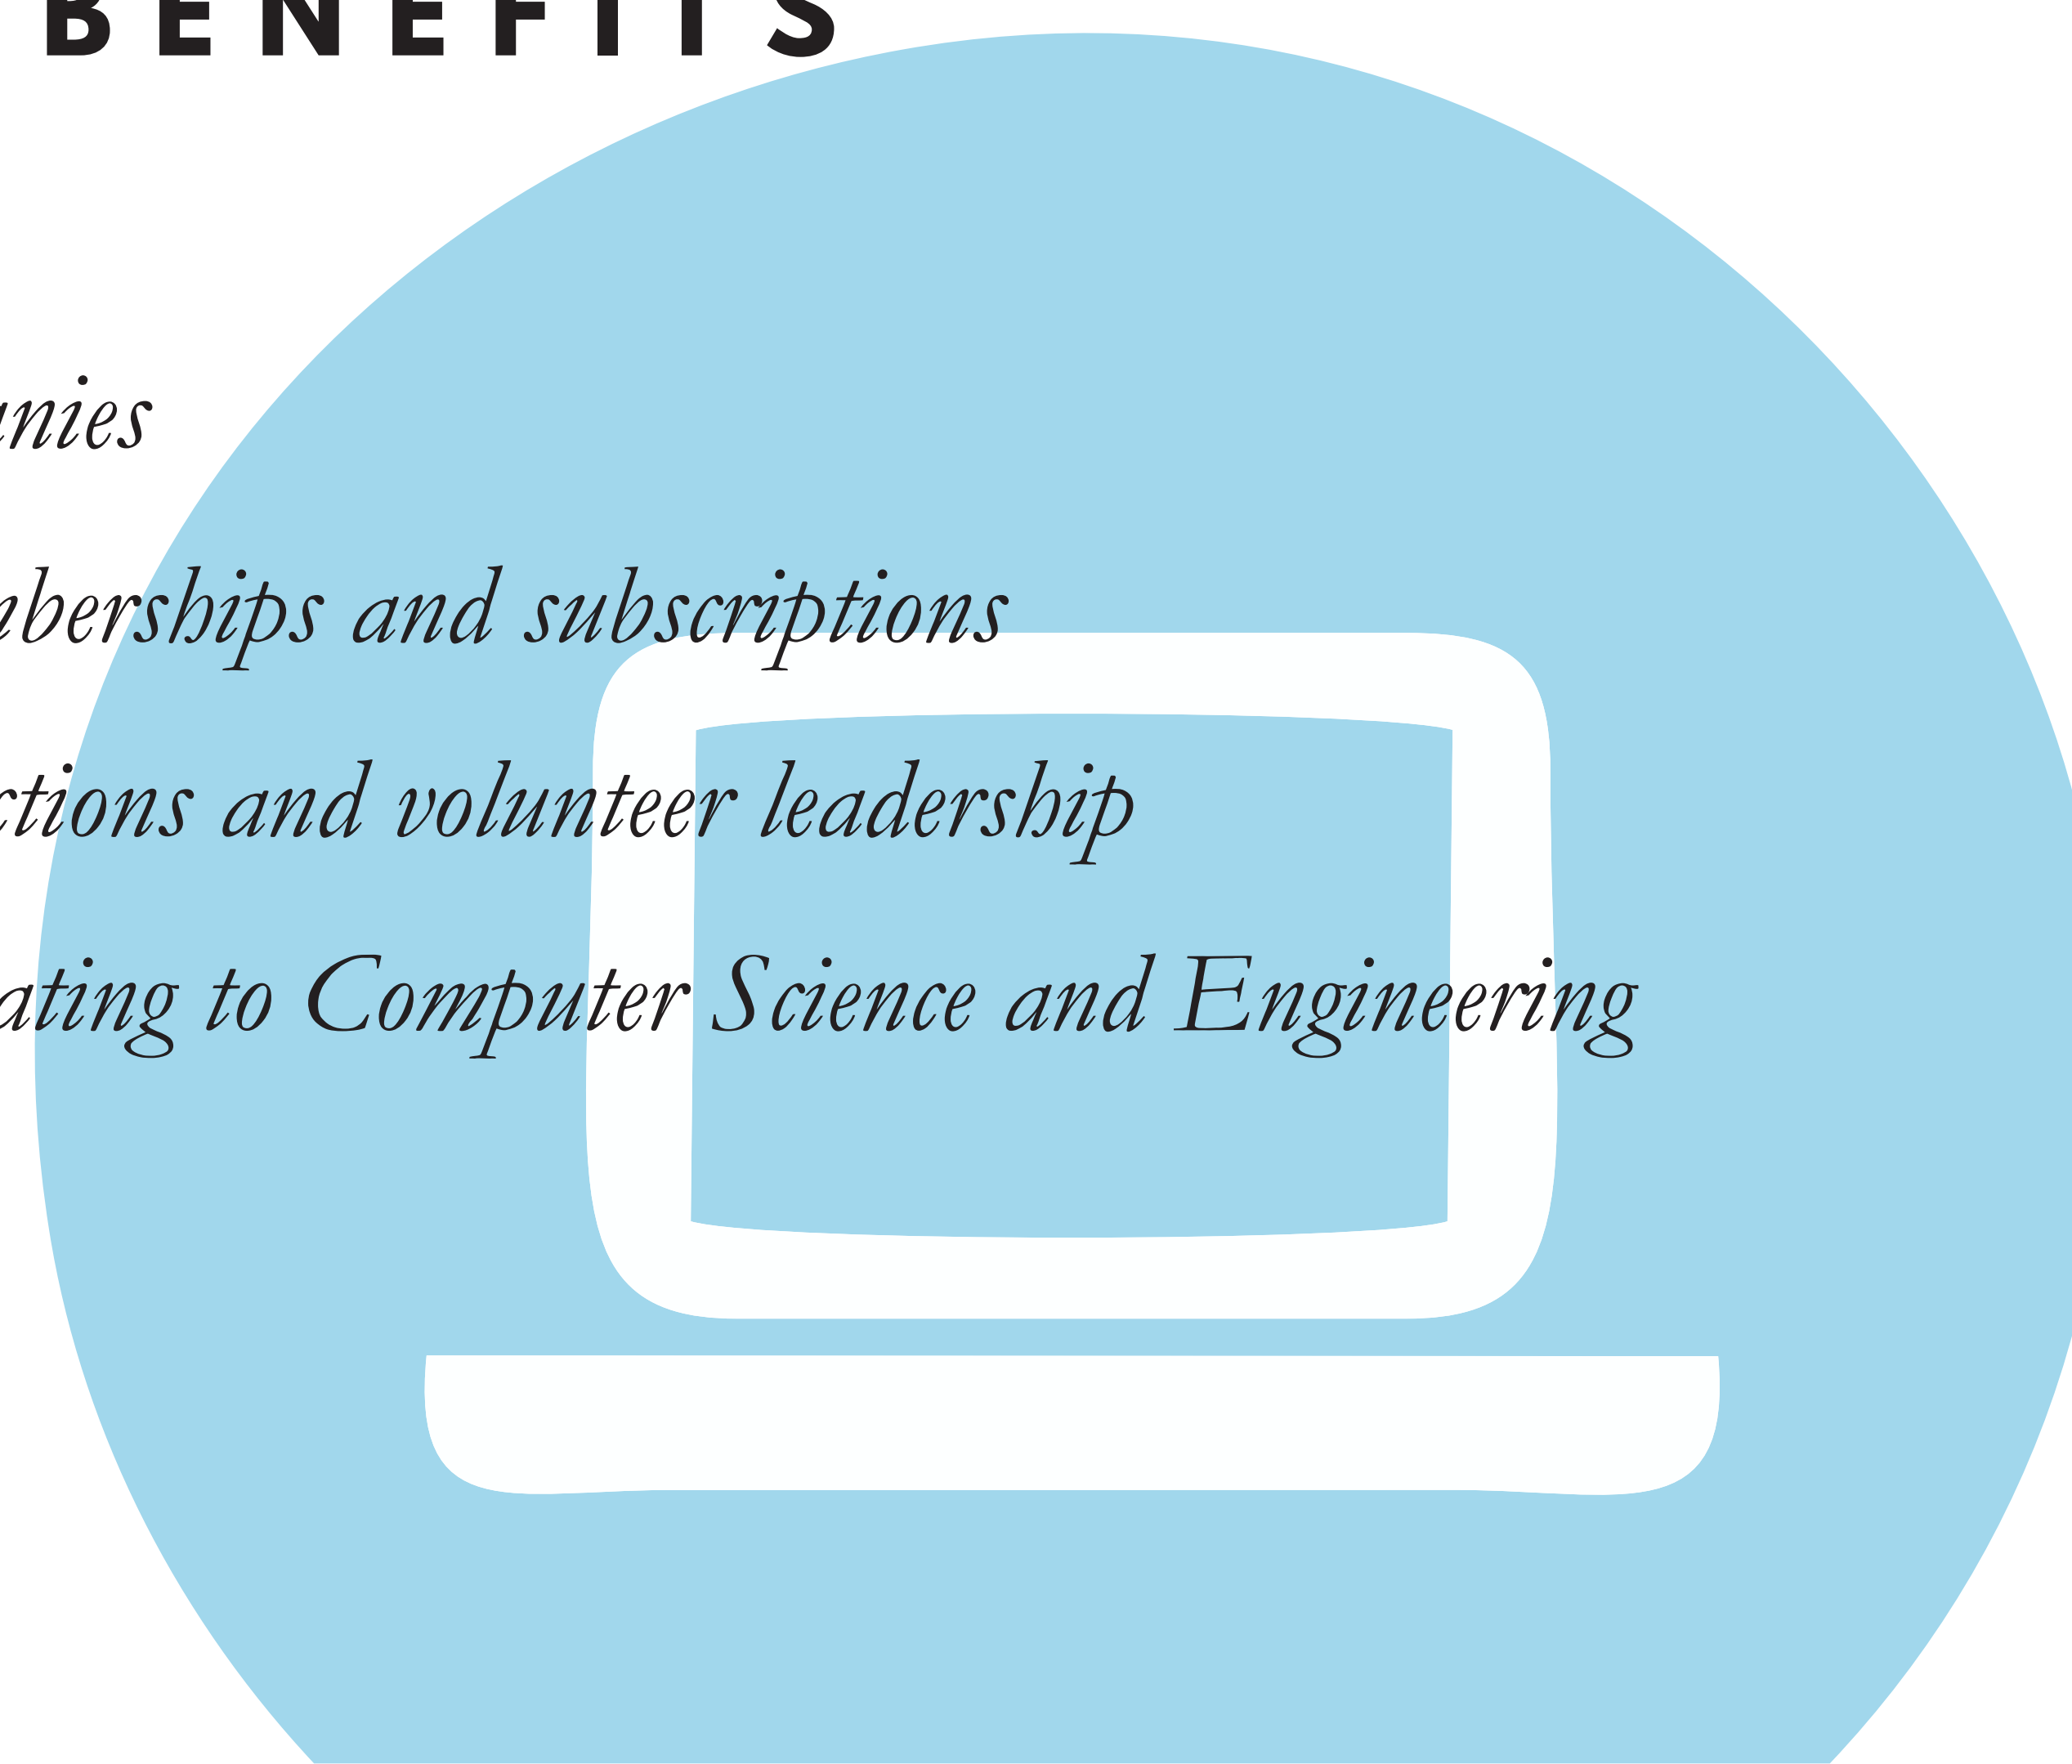

WHO WE ARE

An international association for technical professionals

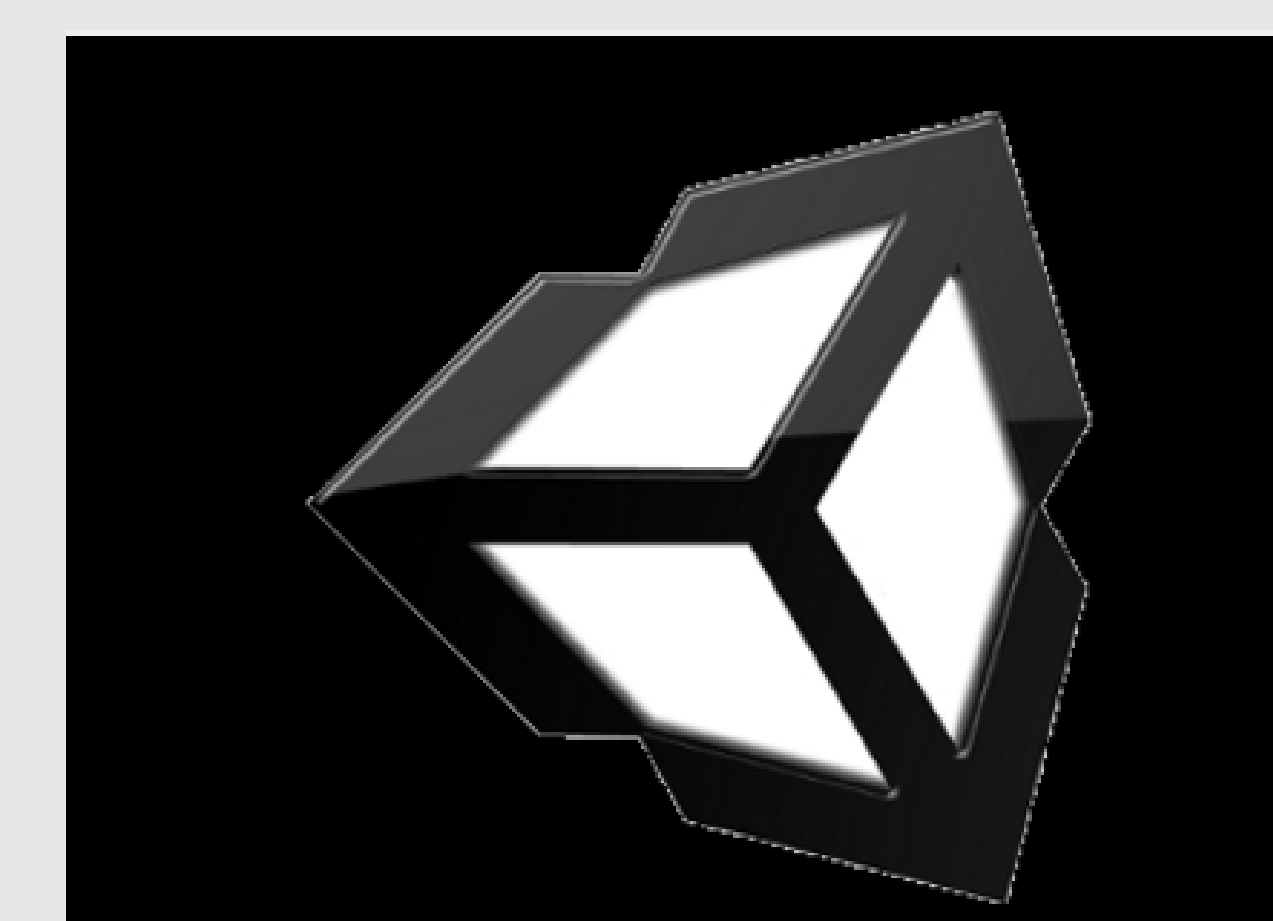

MEMBERSHIP BENEFITS

- Access to a plethora of companies
- Access individual Society memberships and subscriptions
- Connect with local IEEE Sections and volunteer leadership
- Find upcoming conferences relating to Computer Science and Engineering

WORKSHOPS

Through these, students become better equipped for the current jobs in the market. We aim to prepare them with the skills that make them more competitive candidates.
